WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME

A CURE FOR CONSUMPTION, COLDS, COLDS ASTHMA, BRONCHITIS, GENERAL DEBILITY AND ALL SCROFULOUS HUMORS.

THE Proprietor has succeeded (from direct one of Professor Stone) in combining the Cod Liver Oil in a manner by which the taste of the Oil, which has prevented its use by persons generally, is entirely destroyed, and it can be taken by the most delicate without disgust. And as regards the benefit to be derived from the article over the clear Oil, the following testimony of Dr. Stone is sufficient to convince the most incredulous. The young lady was twenty-four years of age.

"Her disease was one of unmixed phthisic which had been expected to terminate in the course of a few months fatally. The upper part of both her lungs was filled with tubercles, and moreover she had a slight cough. The case was given up by her physicians. The treatment of Cod Liver Oil was at first tried but without marked improvement; the Phosphate of Lime was then administered with benefit, and the result, as in the case of Mr. Wilbor, was soon apparent. The patient was rapidly recovering."

JAMES S. WILBOR, Chemist, 150 Court street Boston.

Admirable Invention!

PATENT SELF HEATING

SMOOTHING IRON!

MANY important improvements have been made since the beginning of the present century, relieving and facilitating the labor of men by machinery and other modern implements, but females have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron* which will relieve them, in a very great degree, from the excessive and fatiguing labor of *Ironing* besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor and despatch, one cent's worth of dry charcoal supplies fuel for a whole days' constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Heaters and Tailors' Irons are constructed upon the same principle and possess equal superiority.

PROFESSOR ALEX C BARRY'S

TRICOPHEROUS, or Medicated Compound,

FOR beautifying, improving and preserving the Hair curing all diseases, burns, stings, rheumatism and all irritations of the skin. A preparation the sale of which amounts to one million bottles annually, would seem to need no advertisement; but as the thousands who prize it, use and approve it, have probably no idea of the immense extent of the business, I, by Professor Barry, he gives herewith a plain statement of facts derived from his books, and with them renders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 9,000 bottles of his Tricopherous were disposed of, and that the gross product of this immense sale was nearly $100,000.

This plain unvarnished tale is a better commentary on the value of the article than any thing its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy for numerous severe burns and diseases, he—it would not of course be so universally in demand. The wealthy portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents) at wholesale and retail at the manufactory and depot 137 Broadway New York and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France &c.

SINGER'S PATENT

Straight Needle Perpendicular Action

SEWING MACHINE.

Secured by Two Distinct Patents

THESE extraordinary Machines have had numerous diplomas and medals awarded to them, as the best sewing machines ever devised. They now form one of the most attractive features of the Great Exhibition at the Crystal Palace in New York.

The proprietors having perfected their great manufactory in New York, are now able to produce the Machines at a cheaper rate and have determined to give the benefit to the public by reducing the price $20. Hereafter these unrivalled Machines will be sold at either of our regular offices for

$100 Cash, without deduction or discount

To the admirable qualities of these Machines for all the work of the Clothier, Tailor, Shoe Manufacturer, Saddler, Carriage Trimmer, Cap Maker and Corset Maker it is impossible to speak—the character of the machines in these branches of business is established and they are known and admitted to be the most perfect instruments for the purpose ever devised. The clear profit on each machine is from $400 to $1000 a year, depending on the finer and difficulty of the work done. We desire to call the particular attention of Shirt and Collar manufacturers to our machine in stitching fine linen and cotton goods. We can satisfy any person interested that no other machine has ever done or can do this kind of stitching perfectly. The price of the machine includes the necessary articles to sew. When ordered they are packed complete for immediate use, and full printed directions for using are furnished.

Either of the Singer companies or machines visiting the places where our offices are located afford a convenient medium for purchasing machines.

TESTIMONIALS

The following certificate from Dr John C Warren, of Boston, was given 17 years since but will not forever.

Boston Jan. 5 1853.

Having had occasion to observe that compositions affected with Hernia have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr Beath—After a few months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and takes care to accommodate to the variety of cases which occur. I feel called upon to recommend him to my professional brethren and the public as a person well fitted to supply their wants in regard to these imported articles.

JOHN C. WARREN M D

The undersigned take great pleasure in recommending to the invariable consideration of those who are unhappily afflicted with Hernia Mr James Frederick Foster, as a skillful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us over twenty years) and therefore speak from personal knowledge of his abilities. His early advantages, his long experience in the business and the large number of invalids whom he has relieved in a variety of cases render him, in our opinion equal if not far superior to any manufacturer of the article. His father Dea Gideon Foster, of Charlestown was master of the Poor House in that town for upwards of twenty four years, during which period Mr Foster assisted himself of the opportunity, and made application of Trusses in a great variety of cases, with great success, some of which were of a very complicated and distressing character.

He will be known to all who have occasion to wear a Truss that his great excellence consists in his adaptation to the body of the same time relieving the patient. Any ordinary mechanic may make a Truss but none but a skillful practitioner can apply it in such a manner as effectually and offensive radical cure the patient.

Our experience has convinced us that Mr Foster has thoroughly adapted his knowledge. The certificates of Dr J C Warren and other eminent surgeons with the has shown to us, fully sustain the opinion we have expressed.

THE

Physicians' Sure Relief,

OR

UNIVERSAL PAIN KILLER,

PREPARED BY A. B. HART, M. D., NEW YORK

The best salve ever discovered for the speedy and effectual cure of Pains of all kinds.

More than one hundred thousand cases of Rheumatism, Paralysis, Cholic, Cramps and Spasms, Neuralgia, Colds, Sore Throat, Chill and Fever, Sprains, Bruises, Burns, Heart-burn, Cholera Morbus, Dysentery, Diarrhoea, Sick Headache, Lumbago, Lame Back, &c, &c.,

Have been cured by this preparation within the past year.

20,000 Bottles Sold by one Agent in New York in Six Months!

One Agent writes from Western New York—"Send me One Hundred Dozen "Sure Relief, or Universal Pain Killer" as soon as possible, as I am all out. It is the most wonderful Pain Killer in the world. It is used by our best Physicians."

Another agent writes, "Your *Pain Killer* has cured scores of those fat cases of *Rheumatism* in this place, it is truly a *Wonderful Medicine*. Please send me two gross more by express."

A patient writes, "I have used all the *Pain Killers* of the day, but find none so worthy the title of *Pain Killer* as yours. It is a—it is recommended to be a *Sure Relief for Pain*."

Another writes, "the Physicians' Sure Relief or Pain Killer, is the best Medicine in the world for Rheumatism. It has effected a cure upon myself which baffled the skill of our best Physicians. Hundreds of such statements as these might be adduced—One trial will convince the most skeptical.

Two applications have cured the most severe Rheumatic pains.

One application has cured the most violent Cramp in the limbs.

Thirty drops has relieved pain in the stomach.

Six applications have entirely cured Rheumatism.

Twenty five drops taken every twenty minutes has cured Cramps, Spasms, &c.

One application at bed time has cured Sore Throat.

Twenty drops taken every fifteen minutes has cured Bilious Cholic.

One application has cured Stitches in the Back.

One drop has often cured the most severe Toothache.

Fifteen drops taken every fifteen or twenty minutes will cure Dysentery and Diarrhoea.

Twenty five drops has cured Sick Headache.

Ten drops has often relieved Acid Stomach.

Three applications has cured Lame Side.

Twenty five drops will in all cases cure Wind on the Stomach.

Ten drops every fifteen minutes will cure Cholera Morbus.

Three applications has cured Lumbago.

Thirty drops daily has cured Gravel and Kidney complaints.

Sudden Colds and hard Coughs can be cured by a few doses, as thousands can testify.

For Kidney complaints the Sure Relief is an excellent remedy, taken two or three times a day.

For Spinal difficulties it is invaluable. One teaspoonful will relieve the most violent pain in the Stomach, and restore it to its natural feeling. When taken according to directions, it will speedily and effectually cure Bowel complaints, and that horrible disease, the Cholera, as has been proved in innumerable cases in New Orleans, St Louis, Cincinnati, and many other large cities in the South and West, where the Diarrhoea and Cholera have raged so fatally. Reader, if you are suffering from either of the diseases named above, or from pain from any cause, be sure and try this great Relief and you will be well.

The World's Temperance Convention.

Our correspondence as well as the newspaper reports of the World's Temperance Convention held in the city of New York, represent it as being exceedingly boisterous, turbulent and disgraceful, on account of the determination of a few elegant and eloquent women wishing to let their silver voices be heard in the great assembly. The objection and the mode of it in throwing away the grace and the manly courtesy of listening to sweet-voiced women, are so far more ridiculous than the persistency and boldness with which the right of women to be heard was insisted upon.

There was some excitement and not a little confusion in settling the basis of the convention, as the right of members to seats. The convention however was organized by the choice of the following officers.

NEAL DOW, President

Vice Presidents

John Cassel, England
Joseph Carpenter, Rhode Island
Lyman Beecher, Massachusetts
Reuben H Walworth, New York
Edmund S James, New Jersey
Thomas Watson, Pennsylvania
Samuel F Cary, Ohio
Christian Keener, Maryland
George Savage, District Columbia
John J Cocke, Virginia.
Isaac Paul, Tennessee
D. P Jacocks, Michigan
Samuel D. Hastings, Wisconsin
John Dugald, Canada
Edward M Harris New Brunswick
George Jeffrey, Scotland.
R. H Powell, Alabama
C C. Lathrop Louisiana
A Paulson, Delaware
E. H. Barry, Indiana
John N. Timmons, South Carolina

Secretaries

Dr Wm. Patton, New York
Clement Webster, Rhode Island
R. M. Faust, Pennsylvania
Dr Leeds England
George Duffield, Pennsylvania
John C Beckett, Canada.

Treasurer—Stutemen Halstead, N Y.

Business Committee—J Bolton O'Neall, S C John Marsh, N Y; Ulysses Wait, D C; E W Jackson, Penn, A. C Barstow, R I, Edmund Beecher, Mass, Isaac Tillo, Tenn, Wadsworth, Ohio, Williams, Alabama.

Rev Antoinette L. Brown who had been seated upon the platform here arose and made an effort to speak She was prevented by the general confusion, but when quiet was partially restored, she inquired of the President if she could have a seat in the Convention? The Chairman replied that only delegates were allowed to participate in its deliberations.

Miss Brown—I claim a seat in the Convention as a delegate

President—You are clearly entitled to it then

Miss Brown—I am much interested in the cause of Temperance, and come here deputed by two different Societies to represent them in their deliberations and to speak in behalf of a subject on which I feel, and every woman feels a deep and double interest, and in the consideration of her wrongs she has a right as I feel an interest.

The speaker was here interrupted by loud hisses, mingled with more cheers and cries of "order," "go on," &c She closed her remarks amid the general confusion.

Gen. S. F Cary introduced the following resolution, which was adopted —

Resolved That this Convention fully appreciates the value and positive necessity of the cooperation of our wives, mothers and sisters in the great and holy cause of Temperance but we are of the opinion that the public platform of discussion is not the appropriate sphere of woman

After some further business the Session was brought to a close by the Committee on business presenting the following suggestions for the appointment of Committees

I. On the duties of Temperance men at the present time at the ballot box.

II. On the political economy of the Maine Law as seen in its operations and results,

III. On any peculiar difficulties which may lie in the way of progress.

IV. To prepare and report an Address to all manufacturers and venders of intoxicating drinks.

V. To prepare and report an Address to all Christian Governments for protection to their subjects against the agents of intemperance

VI. To prepare and report an address to all ministers and churches, as set to form the public conscience and the public heart, inviting them to active cooperation in our great work, and to seek earnestly the helping of heaven upon all our labors.

VII. To prepare and report an address to young men in every country, exhorting them to emulate the Patriots, and [illegible]

[illegible] that errights are destroyed, that all which progress shall be forgotten in that which disastes and blames the wound.

Several fine addresses were made.

On the second day, in the course of the proceedings, Rev. Antoinette Brown got up and wanted to make a speech, whereupon a scene of indescribable confusion ensued.

The Rev Shearer maintained her ground notwithstanding the point of order repeatedly raised against her. Cheers and hisses were the only thing that could be heard.

Wendell Phillips desired that Miss Brown should be heard, in the name of Woman's Rights, but he too was silenced by the groans and shrieks resounding in all parts of the Hall

The Pennsylvania delegates threatened to withdraw, if these scenes were allowed to go on One of the Secretaries amidst much confusion, sent in his resignation.

A motion was made that the Convention adjourn sine die,—but this was declared "lost" amidst a series of screeches from all parts of the hall

The President did all he could to restore some sort of order, but in vain

All this while Miss Brown stood on the platform, benignantly looking on

Voices from Abolition quarters—"Shame on the Clergy!" "Shame on the Reverend rowdies back there," etc, etc.

The President then said he would order the Hall to be cleared. Whereupon the police were called in, and proceeded to clear the Hall, which was at length accomplished amidst the greatest excitement and confusion.

The delegates were then re-admitted on presenting tickets, when the session was renewed and the uproar and confusion took a fresh start, and produced a scene beyond description We take the following brief account of the proceedings from the New York Post.

"Mr. Wendell Phillips arose amid applause and hisses and said, "I appeal from the decision of the chair. A large number of delegates, from forty to fifty, are now on the outside of the door and protest against the,—(hisses, stamping by a number of gentlemen on the platform, and applause by a majority of the delegates, interrupted the speaker) When quiet had been restored he continued. "I protest against the—(hisses, stamping by a number of gentlemen on the platform, and applause by a majority of the delegates, interrupted the speaker) When quiet had been restored he continued, "I protest against this illegal and unjust proceeding (Renewed interruption from the opposition and applause from the majority.) Mr President, I protest and if my protest is not heard here it shall be made known in the papers of to morrow morning"

Mr Clure of Massachusetts, Rev Mr. Wolcott of Rhode Island, and Dr Snodgrass, here announced their desire to be considered as joining Mr Phillips in his protest against the action which had been taken by a portion of the convention during the exclusion of the rest

Mr. Barstow, ex-Mayor of Providence, offered a resolution directing the Committee on Credentials to furnish certificates of membership to all the delegates except those whose credentials were presented that day by Wendell Phillips But the storm had now increased to such an extent that no action could be taken on it, and the meeting adjourned, to attend the Sunday School festival in the afternoon. The gathering of some two thousand children was addressed by Neal Dow, A. C Barstow, Rev E Beecher of Boston, and Christian Keener, of Maryland.

At the evening session eloquent temperance harangues were delivered by Rev. Dr. Lees, of England, Mr Wolcott, of Rhode Island, and Rev Thomas Hunt, of Pennsylvania

Dr Marsh announced that the banquet which some friends had intended to give to the delegates who had come to the Convention, would not take place From circumstances which had occurred, it was thought best, from prudential reasons, that this banquet should be at least postponed Rev Mr Pierpont had been engaged to read a temperance poem, of that treat however, the public would not be deprived, as there would be a meeting held at that place Friday evening, at which the poem would be read and some addresses made

The Convention adjourned to meet on Thursday morning

The proceedings of this morning were not specially interesting, owing to the exclusion of those uneasy spirits from the lower floor who gave zest to the discussion of yesterday After the minutes of yesterday's work had been read, Wendell Phillips entered among the delegates, and Mr. Samuel Hoar, of Mass, proposed that his credentials should be re-examined by the Committee on Credentials. The result was that Mr. Phillips was obliged to leave the hall

A motion was then made and carried, to investigate the credentials of various other persons belonging to the New York Neal Dow Society, when it was found that they did not come from New York, and that they had banded together after the organization of the convention, apparently for the purpose of embarrassing its operations They were accordingly compelled to retreat to the gallery with the other spectators Order now reigned in Warsaw and the business went on like clock-work. Mr. Cluke, of New Jersey, read a report on the economy of the Maine Law showing how much money it would save when fully carried out in the State and the individual. It abounded in severe language with regard to liquor sellers and liquor stores the latter of which were called and the *open vormitories* of hell." Objection was taken to its harshness by Mr Keener, and it was referred to a committee of verbal revision.

An address to the civilized world, fiercely depicting the woes of intemperance, and setting down the number of drunkards in Great Britain at 60 000, and in the United States at 30,000 was read by Rev Rufus W Clark of Boston The rest of the afternoon was occupied in separately considering the long string of Maine Law resolutions reported by the business committee on Tuesday

VERMONT The Boston Atlas has returns from 144 towns in Vermont, which comprise a large portion of the State. In these towns the vote stands for Fairbanks, (whig,) 14,410, for Robinson, (Demo.) 12,230, Brainerd, (Free-soil,) 4930 So far as heard from, the whigs have elected 64 members to the House, the democrats 69, and the Freesoilers 15 The Senate will undoubtedly be whig The vote is light throughout the State, and the liquor question has in many instances, divided the whig vote, to the benefit of the other parties.

☞ A man on Saturday in crossing on the timber thrown over the open space at Kennebec bridge, tumbled off into the water, (the side being up but was soon rescued. A bystander remarked, that it was more dangerous crossing the Isthmus than to go round, but the passage was much shorter. He was probably a returned Californian.

☞ A thousand thanks and three cheers to Mr. Savage, for his enterprise in constructing a good temporary side walk across the Kenduskeag bridge, to continue until the bridge is completed. This walk is a great relief to the public, and to our folks in particular.

☞ The Democratic Convention on Saturday [illegible]

☞ At the Holters caucus on Saturday night, about a dozen were present and they nominated Col. Joseph R. Lumbert. The Colonel was at the Maine Law Caucus and voted for G W. Ingersoll Esq and will support him to-day at the Polls and will have nothing to do by act or sympathy with the "Holters."

☞ The annual election takes place to-day, and every voter should do his duty by depositing early his vote at the polls, and see that his neighbor does the same.

Let the vote distributors do their duty Let every man work for the whig cause and the Maine law.

☞ Be sure and get a true ticket, for every effort will be made to circulate spurious and mixed tickets. Let no man be cheated!

☞ The Belfast Journal having succeeded in splitting up its own party in Waldo, is now trying its hand at splitting the whig party in Penobscot.

In one column of the Journal is this paragraph

"Let Democrats be careful to see that their ballots have at the head the name of Albert Pilsbury"

In another column of the same paper is the following resolution of a democratic mass convention

"Resolved, That, in the opinion of this convention, it is the duty of every democrat of this county to head his ticket with the name of A. M. Merrill, for Governor"

The Journal is so very famous in politics as to approach the infamous

A new kind of cotton has been brought from among the Pino Indians of New Mexico, by an officer of the Mexican boundary commission Its peculiarity consists in a fine, silky staple, superior in length and strength to all lands previously known. We learn that the seed has been introduced into Texas, and that the plant will soon be grown there extensively It has also the great advantage of not degenerating, and not requiring a renewal of the seed The plant, of all these peculiarities are proved permanently to belong to it, must effect a revolution in cotton.—New Orleans paper.

What can be more honorable than to have courage enough to execute the commands of reason and conscience; to maintain the dignity of our nature, and the station assigned us; to be proof against poverty, pain and death itself, so far as not to do anything that is scandalous or sinful to avoid them; to stand steady under all shapes, with decency and resolution? To do this, is to be great above title and fortune. This argues the soul of a heavenly extraction, and is worthy the offspring of the Deity.

ACKNOWLEDGEMENTS.

The Hydraulion Engine Company of Providence, R. I, after their return home from their recent excursion into Maine, passed a series of resolutions of thanks to various parties, from which we copy the following, on account of their local interest

Whereas, This company has but just returned from an excursion to the East, and have made an excursion which will long be remembered by us, as the pleasantest since our organization, it is therefore

Resolved, That our sincere and heartfelt thanks are due, and are hereby presented, to the officers and members of Eagle Company, No 3, Capt Elbridge Lole, of Bangor, for their unceasing persevering, and successful efforts to render our visit at Bangor, one of unalloyed pleasure To them, as individuals, and as an organised body, we acknowledge ourselves under obligations which no other time nor distance shall efface, for the cordial welcome tendered us on our arrival, for the bountiful provision made for our every want, and for the munificent hospitality with which we were entertained from the moment of our arrival, to that of our departure from Bangor May each visible fountains of happiness be always within reach of their benefactor

Our thanks are also presented to ex Captain Fenno, Gen Hersey, Colonel Mills, Alderman Hatch, Mr Low the city engineer, and to Mr Merrill, for their kind attention To Mr Gideon Bradford, we would also return our most sincere thanks for his kindness in providing for one of our members who was taken sick To the citizens of Bangor, generally for their marked hospitality and courtesy To the ladies of Bangor, particularly, our thanks are presented, for the kind manner in which they welcomed us, their cordial greetings, their polite invitations, and their numberless bouquets, and they may be assured, that by our actions for the future, we shall endeavor, at least, to make ourselves worthy of such kind compliments.

Resolved, That our thanks be presented to Capt Flowers of the steamer Penobscot, his clerk, and other officers, for their gentlemanly and obliging attention while we were passengers on board the Penobscot, to and from Bangor We heartily recommend that "machine" to all Eastern travelers.

At the head of the stairs in the German department of the Crystal Palace, may be seen a curious and amusing plastic model, in illustration of Gulliver's travels, of which we find the following description in the correspondence of the Independent Democrat, published in Concord, N. H

Gulliver, shipwrecked and thrown upon a distant Island, called Lilliput, awakes by the movements of the little inhabitants in and about his person and finds himself fastened to the ground by his queue, his fingers and his feet His majesty, the king, is being petitioned by the clerical and civil authorities to take immediate steps for the removal of the giant. The little inhabitants are engaged in all sorts of work, some are drawing up troops, all uniformed and equipped, others are leading on armies of archers, others pierce him with spears, and all are busy as bees The model represents Gulliver as awaking in the midst of these operations, and part of the Lilliputians, seeing the mouth and eyes opening, are struck with horror, very evidently manifested by the general scampering in all directions, some tumbling down his sides, some climbing out of his pockets, all presenting a ludicrous picture of dismay. The children are delighted with this.

THE TOMATO SEASON. This being the season for tomatoes we give the following recipe for making figs.

Tomato figs, if well prepared, cannot easily be told from the true fruit. Take sugar-house syrup or use six pounds of sugar to a peck of tomatoes, of the kind which resemble figs in shape. The Bermuda method is to scald the fruit and peel it, and then cook them in the syrup, and afterwards dry them in the sun, then pack them in boxes with powdered sugar between the layers. They will keep as long as any figs. The syrup in which they are cooked should be [illegible]

Historical Discovery. An octogenarian, who described himself as an old servant of Marie Antoinette, had lately in his possession a little work table belonging to the Queen, and saved by him on the memorable 10th of August After his death, two nieces, his only heirs, divided between them his scanty furniture — Without knowing any thing of its former history, this little table was afterwards sold by its humble owner, with other articles, to an auction broker in the Rue des Martyrs The purchaser saw at a glance the importance of his bargain, and still further to enhance its value, set to work to take it part in order to cleanse and renew it. During this operation he discovered a secret drawer containing five letters closely tied together Two of them which were addressed to Marie Antoinette, and signed Necker are important historic documents The three others were from the Comte d'Artois, but destitute of any public interest.

NEW DISCOVERIES IN ASSYRIA It appears by a statement of Mr Layard's, that since the publication of his second work, remains have been found much older than any previously taken from the Assyrian mounds, and that from one inscription it would seem that temples existed of the 17th or 20th century before Christ, ascending almost to the earliest known Egyptian period

THE FROST IN ILLINOIS The Aurora Guardian states that the frost in that vicinity last week did great damage, cutting off large crops of buckwheat, potatoes, corn, &c The same paper says it is the earliest frost that has occurred during eleven years

ATWOOD'S ALCOHOL,

PATENTED AUGUST 23, 1853

THE undersigned have purchased the exclusive right to manufacture the Alcohol a portion of the United States and prepare it for the trade generally He presents the following of dealers to the following certificate

JOHN L HILL

Boston Sept 3 1853 No 1 Long Wharf

We have made a chemical examination of the Alcohol manufactured in the large way by the new process invented by Mr Father Atwood which has for its object the removal from it of other odorous bodies which exist in common alcohol

Our comparisons were made with the best of Cologne Alcohol by exposing the simplest test of chemical agents and the result was that while we found Cologne Alcohol to be impure the Alcohol of Mr Atwood proved to be perfectly free from the odors and other bodies and more nearly pure than any other Alcohol manufactured in the large way

It is admirably adapted to medical and pharmaceutical purposes he separates it from all substances which are injurious and required

For the manufacture of Chloroform and Ether it has a special value as its freedom from odor and other alcohols prevents the formation of those deleterious products and foreign compounds which commonly exist in Chloroform and Ethers as now found in the market

We regard Mr Atwood's method as an important improvement in the manufacture of Alcohol

McFarland's BURGLAR and FIRE PROOF SAFES!

A FEW of the celebrated Safes have arrived from New York, and those who are in want of a superior article, which has been severely tested for the last ten years, in every county, are invited to call and examine them. Read what the *New-York Press* say of them in regard to the late great fire in New York. Further comment is unnecessary.

From the Journal of Commerce, of August 27th.]

"Messrs. H. F. Pond & Hitchcock, of 56 Water street, oil merchants, informed that their Safe, (one of McFarland's Fire Proof,) at the great fire of the Pearl-st House, although exposed for thirteen hours to the combined effects of burning Rosin and other Oils, and a broken Gas Pipe directly under neath it, preserved their books and papers in the most perfect order. They were not injured in the least manner."

[From the New York Evening Mirror, of Aug. 27th.]

MCFARLAND'S SAFES AT THE GREAT FIRE OF THE PEARL-STREET HOUSE.—Looking at the ruins of the great fire yesterday, we noticed in Water street several of McFarland's Safes, which were being taken out of the ruins, the insides of which were all in good order. One of them in particular deserves special notice. It belonged to Messrs Pond and Hitchcock, oil merchants, No 56 Water street, and was exposed to the very hottest part of the fire, being covered with burning oil and tar, and directly under a broken gas pipe from which the gas was escaping in large quantities, and producing an intense heat. It remained in this fiery furnace for thirteen hours, and we are informed by Mr. Pond, the owner, that, when opened, his books and papers were found to be in a perfect state of preservation, not even being scorched nor hardly bearing the smell of fire thus proving itself a perfect salamander. Every merchant should examine them and convince himself that the Fire-proof qualities, as some half dozen others of the same make were in the fire, and every one preserved its contents from the least damage.

[From the New York Tribune of Aug. 30th.]

The reputation of McFarland's celebrated Fire Proof Safes have lost nothing at the last great fires, as usual preserving their contents uninjured, and saving many thousands of dollars for their owners. These safes have built for themselves a national reputation, and are adding to it at every fire. McFarland's motto is "Excelsior."

[From the New York Herald of Aug. 28th.]

Another convincing proof of the superiority of McFarland's Fire Proof Safes over all others as a protection against fire, is the Safe which can now be seen at the ruins of the great fire on Tuesday night, at the Pearl st House, where it was exposed to the oil store of Messrs Pond & Hitchcock, No 56 Water st, for thirteen hours to the combined effects of burning oil and spirits. Books and papers inside were not even scorched.

These Safes are for sale at No. 49 West Market Square, Bangor.

VEGETABLE TINCTURE!

The Great Restorative and Invigorator of the System.

This article, which has made so many wonderful cures, was discovered by Dr. Jesse Hampton, of Louisville, Ky., now in fine health in the 70th year of his age, and is acknowledged by those who have used it to be the best family medicine in use; and *is warranted free from all mineral substances*. By its mild action on the Stomach, Liver and Kidneys, it will cure the diseases of those organs, with all Chronic Complaints, as

Dyspepsia, Cough, Asthma, Bronchial and Lung Affections, Pains in the Back, Side and Breast, Consumption, Scrofula, Fits, Rheumatism, Gout, Neuralgia, Female Weakness, Bowel Complaints, Worms, and Nervous Debility,

with all diseases arising from Impure Blood. As a Female Medicine it has no equal. It will change the complexion from a pale to a blooming one.

Green Mountain Vegetable CEMENT.

BROKEN China, Glass, Earthen Ware, and Fancy Articles of every description, repaired and mended, making it as strong as before broken, without injuring its appearance.

This Cement has been proved to be of great strength, will be found particularly useful in every family; the simple manner of its application is alone a recommendation. The adhesive property which it contains is so wonderful that many things will rather break in a fresh place than where they have been mended with it. The variety of purposes for which it may be used are so numerous that it would be difficult to recite them. Its success in mending Glass, China, &c., is extraordinary, no ordinary degree of heat affecting it, and as the joints are scarcely perceptible, articles of the skin may be made useful for years, which otherwise would have been cast away.

The Best Pills in the World.

HARDY'S FAMILY VEGETABLE CATHARTIC PILLS are the best that can be found in any country for Jaundice, and all Bilious troubles, Dyspepsia, Colds, Rheumatism, and every complaint in which the stomach or bowels need evacuating or regulating. Yankees have boasted their unequaled skill and talent for every thing that the human head can devise or hands execute; why, then, turn with admiring and confiding eyes towards every new medicine with a foreign name? Yankees can, and do, beat all creation in every thing they attempt. Then discard your Mustang, Kangaroo, Ichneuman, Hyena, and all other such Anglicanish medicines, and call at Hardy's, No 3 Harlow's Block, where you will find not only the best Pills, but the best Medicines in existence "for all the ills that flesh is heir to." (except loan pockets) and the best Horse and Ox Medicines besides. Remember,

Great Excitement!

Among Carriage Makers.

THE subscribers have purchased the right to make, use and sell

Everett's Patent Coupling

for the Counties of Penobscot, Piscataquis, Waldo, Hancock, Washington and Aroostook. The advantages of the above Coupling over the old method of connecting the main part of the Carriage with the front part, is such that it must come into general use when it is properly understand. High forward wheels can be used, and we get rid of the galling irons, as the wheels do not strike the body, and the carriage turns in a very small compass, the hind wheels not describing more than 4 to 6 feet circle. It is perfectly simple, and not so liable to get out of order as the old method. Those who have used the above are fully satisfied of its utility, as certificates below show. It can be attached to old carriages at a small expense, and we are prepared to sell the right for shops, towns, and would sell a part of the above named Counties, it stock is rate that any smart man, with a small capital could realize a great profit from the sale of the above. Any person wishing information will receive immediate attention at our place of business, or by dropping us a line by mail, post-paid.

We have leave to refer to Messrs J. R. Norcross, Chase & Littlefield, and G. S. Coe, Esq., who are using the same. D W MORRILL & CO.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENERAL DEBILITY, IMPOTENCY, INCONTINENCE OR NOCTURNAL EMISSIONS &c. The astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Exertion, and General Prostration*, in spite of the consequences of youthful indiscretion, or indulgence of the passions in riper years, renders it the most valuable preparation ever discovered. In fact it is a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any thing else authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is compounded has been tested and its virtues pronounced by the highest names of the faculty in London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, HEAD and WIND COMPLAINTS—the mental symptoms of which sought for and never before found, the only agent that can administer to MENTAL DISEASES. It will restore all nervous affections, DEPRESSION, LOSS OF MEMORY, CONFUSION, the spirits of self Depression, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these disorders, emissions &c., were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL has, and is constantly curing these complaints, relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclusively show.

Dr. Woodward of the Massachusetts Insane Hospital, writes of one of his patients being cured by using this cordial thus — Leaves me pleasure to inform you that one of my patients while in Boston procured some of your Cordial. He tells me that he has not had an emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr. W., I thought it hardly possible to do him any good, but at his urgent request I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial which has effected a cure. I am sure no other medicine would. I shall ever recommend it whenever an opportunity occurs.

The nature of the malady relieved by this Cordial is generally such as to leave the publication of certificates of course out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions it is to be found the happy parents of healthy offsprings who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance, that I have been authentically given their sanction to any other preparation for the above complaints. It has, in many virulent and desperate cases, effected radical cures after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

Of those who have used this Extract is—"I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Hierapatrias) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever of its benefiting me—but it has. I feel stronger, have had no emission since, although it is now three weeks. I am satisfied the half a dozen bottles I took will cure me.

Another says—"I had consulted several distinguished physicians. Some said I could not be cured others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says—"I was surprised at the effect your Cordial had. Why had I not heard of it before! It would have saved me so much expense, besides years of mental and bodily suffering.

CAUTION—Ask for Dr. Morse's Cordial and take no other, as here are worthless imitations which its unvalued excellence, fame and popularity, have brought into the market. It will not hurt the most delicate female, but do good. Beware of all other Cordials, &c., (and try only this.)

Notice. Persons consulting physicians of physical inability from causes above named, may confidentially consult Dr. Morse personally or by letter, (post paid) at his office 26 Bedfordbury street, Boston. He is necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address.

Dr. Morse is prepared to warrant a perfect cure in every case or time no pay.

Prepared by Dr. Morse, M. D., New York city.

It is put up in pint bottles, with the words Dr. Morse's Vigorating Cordial, blown on the glass. Price $2 per bottle. Half bottles, $1 or three half dollars per bottle.

HEALTH FOR THE STATES.

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION, AND DETERMINATION OF BLOOD TO THE HEAD.

Extract of a Letter from Mr John Lloyd, of Brynmenan near Harlech, Merionethshire

To Professor HOLLOWAY,

Sir,—I avail myself of the first opportunity of informing you that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head attended by loss of appetite, disordered stomach and generally impaired health. Every means had failed to give me any permanent relief and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr Hughes Chemist Harlech for the purpose of consulting him as to what I had better do, he kindly recommended your Pills I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am sir, your obedient servant.

MIRACULOUS CURE OF DROPSY

Extract of a Letter from Edward Rowley, Esq., of India Walk Tobago, dated April 8th, 1852

To Professor HOLLOWAY

Dear Sir—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease DROPSY, and which, under God was effected by your invaluable Pills. I was tapped five times within eight months and skillfully treated by two medical practitioners, but could not get cured until I had recourse to your remedy, and notwithstanding all I had undergone this marvellous medicine cured me in the course of six weeks.

GASTRIC FLUID.

Prepared from RENNET, or the fourth STOMACH OF THE OX after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia Pa.

"DIGEST"—Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive stomach of the Ox, thus furnishing a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL BITTERS, ALUM or VAUSEOUS DRUGS. It is extremely agreeable to the taste and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin infused in water, will digest or dissolve Five Pounds of Roast Beef in about whose time out of the Stomach.

SCIENTIFIC EVIDENCE

To the readers of the Whig

Will you read the Truth.

A MEDICINE must have merit and great merit too, to stand the test of public opinion. No art of puffing can galvanize a worthless article so as to keep it alive as a *good medicine* if it be not really so.

A good medicine will live, become popular and extend its sales year after year, in spite of opposition. The people readily find out its virtues and its fame passes from mouth to mouth with astonishing rapidity than newspapers can spread it. A living witness testifying to the cure that a medicine has made for him, is far more effective than any newspaper advertising.

In proof of what we say above, we refer you to HAMPTON'S VEGETABLE TINCTURE and its effects. In praise of it the mouths of multitudes. The best men in our country give their testimony to its wonderful cures. Among them we name Hon. Henry Clay, Hon. Richard M. Johnson, Vice President of the United States with hundreds others. Cast Iron cannot—bronchitis to the celebrated physician of the Emperor of France—was cured by it after a disease of seven years standing after the skill of the doctors of Europe and America had failed.

In the United States Navy it is taken with great success, several officers having been cured by it, others of the Department, Washington speak of its wonderful cures.

In fact, the rich and the poor, young and old, in every place in the city and country, find the same success attends its use.

HAMPTON'S VEGETABLE TINCTURE is purely vegetable and warranted free from all mineral substances. This Tincture by its mild, pleasant and safe action on the stomach, liver, kidneys, lungs, and the nervous system, cures Dyspepsia, Liver Complaint, Diseases of the Urinary Organs, Coughs, Asthma, Bronchial Affections, Consumption, Scrofula, Kings Evil, Worms, Rheumatism, Gout, Neuralgia, St Vitus Dance, Fits, Nervous Affections generally, Fistula, Piles, Bowel Complaints with all diseases arising from impure blood. As a remedy for the various derangements of the female system it seems to have no superior.

☞ What we ask of the public, in introducing this valuable medicine is to draw aside their prejudices and give it a fair trial. We shall publish in this paper from time to time testimony from persons whose reputation is known throughout the United States and who have been entirely cured when other medicines have failed. It is no *humbug* and the public will be satisfied that what we say is TRUE after a fair trial.

How the Discovery of the Vegetable Tincture was made.

DR. HAMPTON now in his 70th year was early in life much afflicted by disease, had spent much of his living in medical advice and knew nothing better but worse, when making the name of the mineral medicines could reach his case, he came to Boston, and thought why should I die with disease when the Creator has provided us with vegetable kingdom that which will make the whole a sound. I will go and search out these roots and herbs which I have seen the Indians and the early pioneers give for the cure of disease. I will so compound them so as to increase or decrease the quantity of each and I get such a combination as shall cure my disease. He did so, and cured himself. He then prescribed to his neighbors, proved wonderful in the experience of the Doctors and all others from whom any thing could be learned of the healing powers of the roots of the vegetable kingdom. In a short time, as by magic, the Doctor was cured of his disease. The fame thereof spread abroad, his neighbors sent far and near for this wonderful discovery, which was freely given to them, and all partook with the same success, until the demand became so great that the Doctor found not in justice to himself and without great pecuniary loss supply the demand gratis which induced him reluctantly by the advice of his friends to put a small price on his Vegetable tincture which was cheerfully paid, and considered but small indeed to the amount of good received by those who took his medicine—the most wonderful ever in the healing art of the age.

The world cannot produce Stronger Evidence

Than this kindly handed to us by J. Stockbridge, Esq. of the Fountain Hotel, Eight Street, a gentleman extensively and favorably known. The writer of the letter Capt Cunard, is the brother of the celebrated physician of the Emperor of the French Republic. Number one of our most respectable citizens will give equally strong testimony in favor of

Hampton's Vegetable Tincture

It is a most certain cure for dyspepsia, Scrofula, Liver Complaint, &c., and all diseases from impure blood.

BALTIMORE, June 4 1851

Mr Stockbridge, of the Fountain Hotel, Eight st, Balt

Dear Sir—feeling on the point of leaving the city I avail myself of a few idle minutes to thank you kindly for the medicine, Hampton's Tincture, and which has restored me to the usefulness of hands. I beg you to send me a four bottles more, to carry on my voyage. Since I had the first, to use Dr Hampton's Vegetable Tincture, has gained confidence in it, so that, in gratitude to the proprietors of the medicine I beg you to present my respects to them and induce them to make it more publicly known as a sure Rheumatic cure. I was called on me, on the 19th of April last, and was so prostrated on my bed useless in all my limbs, you can appreciate, nearly as well as my self, the prompt relief I received from Dr Hampton's tincture, and I am positive had it not been for your strenuous and kind recommendations I should still have been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs, it should suffer the imputation of the public generally give to such preparations, many of whom was always opposed to patent medicine, look this medicine with reluctance, and with no confidence in it, and it was only through your disinterested and free recommendation and my brother's urgent, that induced me to try this really beneficial Vegetable Tincture.

You may inform Messrs Mortimer & Mowbray that they are at liberty to make use of my name as the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me, in few weeks of a chronic inflammatory Rheumatism, contracted under repeated attacks of 7 years periodical duration. I take only used three bottles, and find that even the inflamed parts of my hands are fast returning to their former natural appearance.

I have been under the treatment of several physicians in London and Paris without any apparent benefit, also while in New York having tried the Homoeopathic and Hydropathic remedies after having been tormented with galvanic batteries, cold and aromatic baths and hundreds of internal and external remedies, all to no effect, I am so far, cured by this Hampton's Vegetable Tincture only. Therefore my dear sir, accept of the assurance of my gratitude, and believe me your well wisher,

THOS CANOT

Cure of Consumption, Neuralgia, Pain in Side &c

BALTIMORE May 1, 1852

Messrs Mortimer & Mowbray — Gentlemen—It is with pleasure I can testify to the great healing powers of Hampton's Vegetable Tincture. My wife had been afflicted for three years, laboring under a constant hacking cough with a most violent pain in the right side; neuralgia of the head, and dimness of sight, very little rest day or night, and much emaciation and to all appearances a rapid consumption inevitable. We had the most eminent physicians in Annapolis but his medicine did not give her any relief, but all growing worse at any change in the least, and having read one of your pamphlets, in July, she concluded to try Hampton's Vegetable Tincture and after taking but two bottles of which, under a kind Providence, we perceived a great change for the better, her appetite improved, her sleep became quite clear, coughs, pains, headaches, &c., entirely left her, and by the time she had taken a few bottles more she was completely cured, and is now in the enjoyment of excellent health.

Respectfully, EDWARD SANDS,

PORTSMOUTH, Va Aug 18, 1851

Mr E. Bough—Dear Sir: While I am in general opposed to Patent Medicine, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in dyspepsia, loss of appetite, languor and general debility, with results unknown. So far as my experience extends, therefore, I take pleasure in recommending it to the public as a safe and efficacious remedy.

Holloway's Ointment.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING

Copy of a Letter from Mr Thompson Chemist, Liverpool dated August 20, 1852

To Professor HOLLOWAY

Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills which has astonished every person acquainted with the sufferer. About ten years ago Mr W. Cummins, of Salmes Street in this town was thrown from his horse, whereby he received very serious injuries, he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse and at length a malignant running ulcer settled in his hip which so completely crippled him that he could not move without crutches for nearly 10 years. Recently he began to use your Ointment and Pills which have now healed the wound strengthened his limbs and enabled him to dispense with his crutches so that he can walk with the greatest ease and with renewed health and vigor. A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE, WHEN ALL MEDICAL AID HAD FAILED

Copy of a Letter from Mr Hiram Draper of Keady, near Gainsboro dated March 1st 1852

To Professor HOLLOWAY

Sir—Some time since, one of my children was afflicted with dreadful ruptions over the body and limbs. I obtained the advice of several eminent surgeons and Physicians, by all of wh
